

Virtual Joe Crowley Student Union

Presentation of the vJCSU
By
The Development Team

What is Minecraft/vJCSU?

- Minecraft is a sandbox game where the player has the freedom to express creativity through building with different type of blocks
- We used blocks and other decorative blocks to recreate the Joe Crowley Student Union
- With other plugins we are able to have additional features as well

Building Process of vJCSU

Exterior

- We started with the measurement of the building in blocks
- Used **pictures** and **Google Earth** to build the exterior of the building

Interior

- We walked around the building and took **pictures** of every little detail
- **A lot of trial and error to perfect** the ratio of the all the rooms
- Added in furniture and lights

Plug-ins

- **Reached out to other universities** to learn more about Minecraft servers
- Installed Plugins for the server
- Implemented plugins into the server

Potential Usage of vJCSU

ADVERTISEMENTS

- Advertise for Upcoming Events and information
- Social Media advertisement

VIRTUAL EVENT

- Club Fairs
- Game Nights
- Campus Tours
- vJCSU Tours

GRADUATION VIDEO

- Stages can be built and used as interactive walkthroughs
- Hosting Graduation on Server

STUDENT ENGAGEMENT

- In the planning, with organizations on campus

The background features a stylized city skyline at the bottom with various building shapes in white, yellow, and pink. The sky is a gradient of blue and purple, with several light blue clouds scattered across the top. The text is centered in the middle of the image.

**How can your organization
participate in the development of
vJCSU?**

Benefits of participation

- Further recognition of organizations when students are off campus
- Increase student engagement with virtual organizations
- Showcase each organization's student services
- Advertisement of organization's events and other activities

Recent Examples from our vJCSU server

Future Projects

- Complete the facade of most campus buildings, preferably within Student Amby's tour route.
- A train going around campus for campus tours
- More interactive mini maps within the servers (ie : minigame, survival-mode, modded)
- Host large scale event (ie: graduation, club fair)

The background features a dark blue night sky with white stars and stylized purple clouds. At the bottom, there is a dark blue silhouette of a city skyline with various buildings, some of which have yellow rectangular windows.
